

GANESH DISALE SAP ABAP Consultant on HANA

Total Exp: 8Years

Pune Karadi | Mobile 8600604539 | E-Mail – ganeshdisale27@gmail.com |

Profile

I am passionate about delivering high-quality, efficient, and scalable solutions. My goal is to contribute to a collaborative team environment where I can continue to grow professionally while helping organisations achieve their SAP objectives. I am committed to continuous improvement, innovation, and ensuring optimal performance across SAP applications.

Summary

Highly motivated SAP ABAP on HANA Consultant with 3.5 years of experience in the development, customization, and enhancement of SAP solutions. Skilled in designing and coding custom reports, forms, interfaces, and enhancements using the ABAP programming language.

Demonstrated ability to work effectively with cross-functional teams and understand client requirements to deliver tailored solutions. Experienced in integrating SAP systems with third-party applications, optimizing system performance, and troubleshooting complex issues to ensure operational efficiency.

Proficient in multiple SAP modules, including MM, SD with a strong grasp of SAP architecture, debugging techniques, and performance tuning. Adept at translating business requirements into technical specifications and ensuring the successful delivery of SAP projects with a focus on quality and efficiency.

Committed to driving continuous system improvements, reducing development timelines, and ensuring seamless SAP system operations.
